**St St Teresa of Calcutta: 26 August 1910 – 5 September 1997.**

**Canonised: 4 September 2016.**

O God, our loving Father,  
You have given us a beautiful example of love in action  
through Your daughter Mother Teresa.  
In her life she showed us how to follow Jesus by loving and  
serving others. She joyfully fed the hungry, rallied for the  
poor and unwanted, cared for the sick and the dying, and  
sheltered the homeless.  
May we imitate her love and generosity by reaching out to  
Your needy ones. Thank you for the gift of Mother Teresa.

## FROM THE PRINCIPAL'S DESK

Dear Parents, Teachers and Friends,

On the weekend, a number of students from St Mary's received Holy Eucharist for the first time. It was a very joyous and happy celebration and thanks to Mrs Alison Durmanich, Mrs Sam Da Luz, and Fr Mariusz, for a mass that the students should remember for the rest of their lives.

Father spoke of the importance of receiving Jesus and the effect this can have on our faith journeys as we try to reflect a life informed by a deepening Christian consciousness. One of the takeaways from Fr Mariusz's homily was that the famous French emperor, Napoleon Bonaparte, when asked what was his most memorable occasion in his life, replied that it was his First Communion Day.

On First Communion Day we see our children take a new step in faith, as they share Communion with us for the first time. We are their first teachers in the ways of faith. No matter who says what, unless our children sense our faith they will not absorb faith. The faith we hand on will be their strength through life. Teachers and priests cannot plant faith in the hearts of our children if we don't.

If we have not been quite up to the mark in this regard, we might take advantage of a First Communicant in our family, who is commencing a life-long adventure of being Christ's hands and feet and heart and mind, to renew our enthusiasm for doing the same.

Let's hope the students that received Jesus for the first time on Sunday look back on this day in the future with fond and happy memories, and they begin a regular practice of receiving Jesus every Sunday.

### **FATHER'S DAY STALL AND LITURGY**

There will be a Father's Day stall at school this coming Thursday and Friday. On Thursday, there will be a pop-up stall for students from Kindergarten to Year 2, and on Friday other students can purchase items from the stall set up on the outside stage area during recess.

On Friday, following the Father's Day breakfast, the Year 5 class will be presenting a Father's Day liturgy on the outside stage area.

### **CATHOLIC FAITH DAY**

Each year, Catholic staff are given an extra day's holiday in lieu of the extra commitment expected to attend events such as school sacramental masses and meetings, home room masses, church events held outside school hours etc. This year, this holiday falls on Monday, 7<sup>th</sup> September. Parents should note this is not a day for staff in Catholic school to commit to faith development, it is a day given for that which already occurs throughout the year.

### **ACC TEAM**

A group of high school students, some staff and parents, ventured to Perth on Tuesday to participate in the annual ACC Athletics Carnival. We wish them all the very best as they compete with other students across WA.

### **JUNIOR LEARNING ATHLETICS CARNIVAL**

The Junior Primary athletics event is being held this Friday, beginning at 9:00 am. All are welcome to come and support our youngest athletes.

### **RUOK DAY & WALK TO SCHOOL DAY**

Our Year 11 business students have coordinated a RUOK day next Friday. This day is a fundraiser and highlights the importance of mental health and well-being, particularly in these uncertain times. This same day is the annual "Walk to school day". We encourage all who are able, to walk to school also on this day.

### **SCHOOL PHOTOS**

School photos will be occurring on Tuesday, 15th September. All students are expected to be in full school uniform on this day.

God Bless

Mr Steve O'Halloran

## *From the REC desk...*

**Mass Times: Saturday 7.00 pm Sunday 9.00 am**

*Please adhere to all COVID – Safe regulations. Hand sanitiser is available*

I chose the prayer to Mother Teresa this week as it marks the anniversary of her death and canonisation. It also sums up the message of love and Catholic Social Teachings we have been studying in Years 10, 11 and 12. Mother Teresa is our contemporary example of Christian service and love to others, no matter what. Following Jesus' footsteps and in response to His Second Great Commandment "... You shall love your neighbour as yourself" (Matthew 22:39, NRSVCE), we are all called to love God and one another. What greater act of love can we show to others (and to God) but by serving others.

This week, the students in Years 10 and 11 who won't be attending the ACC Camp in Perth will be serving the elderly in our community by baking their best morning tea recipes for the residents at the Hospital. Mrs Holtham and I will be delivering these baked goodies of love on Thursday morning which may herald the start to something bigger and more beautiful between our students and the elderly residents in care. It is a terrific opportunity to put into practice everything we have been talking about in the classroom and also a terrific way to spread more love into our community.

Speaking of love, I have received great feedback on the First Eucharist celebration at the weekend. It has been a great joy working with the First Eucharist candidates, their families, Mrs Durmanich and Fr Mariusz in preparing them for this beautiful sacrament. I was unfortunately not able to share that special day with them as I was in Perth continuing my further studies at the Catholic Institute and Notre Dame University, but I knew they were in the excellent hands of Mrs Durmanich. Thank you to Mrs Cox, Mr O'Halloran and staff for supporting Mrs Durmanich and Fr Mariusz on the day. A wonderful day of love and service.

On the topic of my study weekend, the focus was on understanding The Holy Trinity as being at the heart of Christianity. Without going into all the scriptural analysis with you, the biggest takeaway I wanted to share with all of you was this very profound and significant message from Vatican documents about Catholic education (in bold and italicised):

*55. The Catholic school loses its purpose without constant reference to the Gospel and a frequent encounter with Christ. It derives all the energy necessary for its educational work from Him and thus "creates in the school community an atmosphere permeated with the Gospel spirit of freedom and love"(20). In this setting the pupil experiences his dignity as a person before he knows its definition. Faithful, therefore, to the claims of man and of God, the Catholic school makes its own contribution towards man's liberation, making him, in other words, what his destiny implies, **one who talks consciously with God, one who is there for God to love.***

How often do we forget that we have been created in God's image and likeness in order to relate with Him? Everything we learn through doctrine is about loving God; we forget at times that we are also there for Him to love as well. So on that note, please remember that at times when we feel as if God has deserted us, he never did - He is always with us, he will never abandon us and a life shared with others through a call to serve and to be responsible for others, reflects that love of God.

*Continued...*

*Continued...*

Until next time, I leave you with Claudia Weisz's beautiful poem for reflection.

**And God said, "No".**  
by Claudia Minden Weisz

**I asked God to take away my pride. And God said "No".**  
He said it was not for Him to take away, but for me to give it up.

**I asked God to make my handicapped child whole. And God said "No".**  
He said her spirit was whole, her body was only temporary.

**I asked God to grant me patience. And God said "No".**  
He said patience is a by-product of tribulations. It isn't granted, it is earned.

**I asked God to give me happiness. And God said "No".**  
He said He gives me blessings, happiness is up to me.

**I asked God to spare me pain. And God said "No".**  
He said suffering draws me apart from worldly cares and brings me closer to Him

**I asked God to make my spirit grow. And God said "No".**  
He said I must grow on my own. But He will prune me to make me fruitful.

**I asked for all things that I might enjoy life. And God said "No".**  
He said He will give me life, that I may enjoy all things.

**I ask God to help me love others, as much as he loves me.**  
*And God said "Oh, finally you have the idea!"*

God bless until next time ...

*Sam Da Luz*

Religious Education Coordinator

**Congratulations to Mia Maslen – Year 8**

Winner of our "Saint-sations! Design a Logo competition."

Mia's winning entry is being incorporated into our Polo shirt design for the group. Watch this space for the final copy, but you can view her entry, along with all the others on the window of the REC office.

Thank you to all students who participated in the competition. You guys ROCK !

## SECONDARY NEWS

At exactly 6.00am, the bus rolled away from the school grounds carrying 43 members of our largest ACC team since the days of whole school camps! Mr Manser, Miss Barrett and our three parent volunteers including Jono Watts, Michelle Higgins and Al Holtham will be working as their own team to ensure a successful camp for our students. We hope the students make the most of the opportunities provided and continue with the success our previous teams have consistently displayed.

This year has seen an exciting change with the ACC in that they we are now able to watch them live. On Thursday at lunch, we will have a screen set up to allow students at home to watch our ACC team perform at their events. If you would like to watch this yourself, please go to the following website: <https://youtu.be/X2mDV2AXEmE>

Meanwhile, we still have our team of students at school this week and we look forward to being able to spend more time with them in a much smaller ratio. Hopefully, we will be able to spend more time working on areas that they are not so strong in and getting to know them much better.

Mrs Da Luz is making the most of this opportunity and will be seen in the kitchen with the Year 10 students making up some culinary delights for the patients in the Palliative Care Unit at the local hospital. I am sure they will be very much appreciative!

A big congratulations to our Year 9 students who were asked to complete their OLNAs over the past few weeks as a result of their NAPLAN testing being cancelled during COVID-19 earlier in the year. Hopefully, they all receive positive results and can avoid further OLNAs in Year 10. Our Year 10, 11 and 12 students have started their OLNAs before leaving for the ACC. They will finish their OLNAs in reading and numeracy when they return.

A huge 'Well done!' and 'Thank you' to our sign builders! 15 signs cut, painted, routed and painted again! All in support of the North West Board Riders who are working hard to protect our valuable coastline! A special mention must go to Millie Redden and Mia Maslen who attended every session and completed most of the work! Girl power!!

The Year 11s and 12s have been busily preparing making history! They have been designing and planning Saint Mary's first Year 12 Graduation Ball. The ball will take place on Friday the 16<sup>th</sup> October which also the last day of school for our Year 12 students. Bentwaters Plantation has kindly allowed us to hold the ball in their beautiful gardens. Invitations will be going out as soon as our Year 11 and 12 students return from the ACC camp! Dress is formal wear!

Next week, our Year 11 Cert III Business students are running their first event (business) with RU Ok Day on Friday 11<sup>th</sup> September. They have been busy preparing this event throughout the term and have organised it completely on their own, negotiating the terms of the day with the boss ... Mr O'Halloran. We wish them a successful launch!

On Monday, we are fortunate enough to enjoy our Catholic Faith Day, when we can spend more time with our families and friends. A nice reward for the efforts of the work the students have been putting in throughout a very busy term and indeed a roller coaster of a year! We hope the parents get to enjoy the long weekend as much as the students.

Kind regards

**Narelle Holtham**

Acting Head of Secondary

# LIBRARY NEWS

## SCHOLASTIC LEXILE STUDENTS

**Did you know you can search for Library books based on your favourite reading interests?**

**Log in to your homepage  
click the search button  
select your reading interests**

**Please also remember to tick**

- in my lexile range
- in my school library
- with quizzes

**Please see me in the library if you would like any assistance.**

**Enjoy!  
Tina McMeekin**

**TUESDAY SEPTEMBER 15th**

Keep an eye out for order forms being sent home...  
Order forms need to be returned to your class Teacher  
before the photo day!

If you would like a family photo, please contact the School office  
prior to Tuesday September 15.

**Congratulations** to our Merit Award Winners from Week 5!

## INTERSCHOOL ATHLETICS CARNIVAL

On the 13<sup>th</sup> and 14<sup>th</sup> of August, St Mary's students flew across to the town oval and began their sport Carnival.

Going to one station after the other, the tireless training these athletes had done was finally paying off, with 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> ribbons getting handed out to all those who placed, and effort was higher than the non-existent clouds that day. Each and every student tried their very best to come out on top, and many were successful. Following the first day, the morale was through the roof as the aching athletes retreated to their homes excited for the second day.

On the second day the students all gathered in their Home Rooms excited and ready for another day's action, as the 3 bright colours marched across, chanting their cheers, throwing pompoms around all the way over to the oval. Students were bursting with suspense, waiting for their first activity or race. The students prepared to run in a copious amount of distances and team games. Each and every student pushed their limits, participating to the best of their ability and all should be proud of their efforts.

A few days after the sport carnival the winners were announced with Ningaloo coming 3<sup>rd</sup>, Quobba coming 2<sup>nd</sup> and Gnaraloo coming in 1<sup>st</sup>. And even now students are preparing for next year's exciting sport carnival! Hope to see you then.

## RADIATION USED In Medicine

**YOU KEEP OUT! CAUTION! KEEP OUT! CAUTION!**

Radiation and medicine  
Radiation has many uses in medicine. The most common medical application is using X-rays to identify damage or broken bones.

Lead containers in the injection of radiation isotopes help to protect the patient from the radiation and accumulated in the site of cancer or disease.

Radiation therapy uses the energy of radioactive isotopes to kill off cancer cells and prevent them from growing back. Cancer cells are made up of DNA and they are being damaged.

The change is not shown enough to kill off the cancer cells, instead it allows it to grow very quickly.

Radiation produced by isotopes can damage a cell body or it can be used to identify disease. X-rays produce a picture of the inside of the body. X-rays are used to identify damage to the structure of DNA molecules.
